June 1 & 3 – Fossil FANATICS!

How do we know so much about dinosaurs and plants that lived so long ago? Fossils! Come as we learn about the great science of Geology and those amazing dinosaurs.

June 8 & 10 – Rad Reptiles

Is there any animal as fascinating as a snake? This week we will explore the Utah wildlife for real live reptiles and talk about their incredible characteristics!

June 15 & 17 – Night at the Museum=Day at the Zoo

Who doesn't wish that the animals at the Bean Museum were really alive? Learn about the amazing creatures that are housed at the Bean Museum and then come with us as we see them move around at the Zoo.

June 22 & 24 – Born to Be Birds

Birds are amazing animals! This week we will become expert bird watchers as we learn about some of the incredible species of birds that live in Utah.

June 29 & July 1 Wild Water!

What would the world be like without water? It wouldn't exist! Come find out what good water really is.

July 13 & 15 – Survivor: Bean

What would you do if you were stuck in nature? Come learn survival techniques while learning about the wonderful animals that live in nature.

July 20 & 22 – SuperSTARS

What animals are awake during the night? How can they see at night? Learn about the animals that can see in the dark.

Limited Release Agreement for Minors

I have been advised of and/or recognize the risks inherent with my son/daughter’s participation in this BYU-sponsored program. I assume full responsibility for all injuries that may arise from his/her participation therein and for all risks associated with his/her physical or emotional limitations. I unconditionally release BYU and its employees from any and all liability or claims that might result from my child’s participation in this program, unless the injury or damage is primarily the direct result of negligence on the part of BYU or any of its employees and not caused in part by my child’s own negligence. In the event of any illness or injury while participating in this program, I give permission for my son/daughter to be transported to and receive medical treatment at a local medical facility, and I guarantee payment of all expenses incurred for such transportation and treatment.
